IFRR SMOKESTACK DECEMBER 2016

**ROTARY INTERNATIONAL CONVENTION 2017 IN
ATLANTA, GEORGIA, USA
JUNE 10 to 14, 2017 !**

We have a booth for IFRR! It is # 2934.

Now, we need **YOUR** help!

Are you coming to the Convention?

If so, **would you like to help out at the booth during the convention?**

It's easy and fun! You meet people from all over the world and talk about Railroading!

You can help for a couple of hours or what ever time you can spare.

Please let me know if you will be available.

We also would like to have some local railroading tours in the Atlanta area, let me know if you can help plan these.

It has been suggested that we could also do a railroad group trip from either coast? Anyone have some ideas?

If enough members are coming to the convention we will have an annual meeting get together.

IFRR TASK FORCE – Thanks to the hard work by our Task Force committee members, you will soon be receiving an IFRR survey.

The Task Force's mission is to develop a plan of action for the future of our fellowship. We would like to make this

IFRR more active, interactive, interesting, exciting and fun for all! We look forward to your responses, comments and ideas. Thanks!

**Have you seen the fantastic German Wonderland
Railroad? Take a look it is**

Miniatur Wunderland is the world largest model railway, located in Hamburg's historic Speicherstadt. Each year, Hamburg's tourist attraction No. 1 draws 1.2 million visitors

from all over the world into its premises, and is not only exciting for railway enthusiasts. Spreading over 1,300 square meters, a unique and outstanding miniature world arose in 600,000 working hours and for more than 14 Mio. Euros so far. Next to sophisticated technologies, Wunderland is known for its captivating richness of detail: 230,000 lovingly staged figures, moving cars, floating ships – and even airplanes are taking off and landing at Knuffingen Airport every minute. It's a breathtaking microcosm unmatched anywhere in this world.
